

Structural Engineering Society New Zealand and,
The Wellington Structural Group

**Site Visit on 6 May 2010 (Thursday)
12.30 to 1.30pm**

Willis Central 42 – 52 Willis Street

Architectural perspective of Willis Central when completed

Willis Central, is a commercial development in the Wellington CBD currently under construction. It will house the Telecom Wellington HQ. When completed, it will have two towers, with frontage at Willis Street and also at Boulcott Street, with a central atrium between the two towers.

Philip Yong of Clendon Burns & Park, and Stuart Palmer of Tonkin & Taylor, have kindly agreed to hosting the site visit.

There will a limited number of maximum 20 people for the site visit, if you are interested, please:

RSVP to Carl Ashby of Spencer Holmes, Tel 472 2261 or email cva@spencerholmes.co.nz by the 4 May 2010 please.
