Strong Foundations

Geotechnical and geological engineering services have become embedded in the foundations of URS over many decades.

Drawing from many challenging assignments in a diverse range of conditions, our go-forward team is committed to quality, innovation and sustainability to provide the kind of results that have earned long-term business relationships and delivered award winning projects.

The Things We Value

As a growing team we regularly seek Geotechnical Engineers and Engineering Geologists with relevant qualifications to join our Auckland and Christchurch based teams.

We value a great attitude, a willingness to learn and a desire to develop your career. If you're looking for an opportunity to work on unusual, varied and technically challenging projects both in New Zealand and overseas, then contact us today.

Paul Salter - Auckland
 Geotechnical Team Leader
 T: 09 355 1300

Matt Howard - Christchurch
 Geotechnical Team Leader
 T: 03 374 8500
